Before listening : French and English people are different in many ways and many fields (greeting, driving ...). Tell everything you know about their differences.

While listening :

Part 1 (Greeting). Gapped script: Olivia, an English girl, is talking about what you must or must not do when you go to England. Try to guess what words should go in the gaps and then listen to her to check.

When you meet somebody in England you must not give them

What you must do is hands and ask them

But also you must not talk about or how much people

In England that's a really sensitive subject, something people do not want to talk about.
